

## Abstract Submissions

Valves in the Heart of the Big Apple VI: Evaluation & Management of Valvular Heart Diseases 2010 (VIHBA) — the second joint session of the Heart Valve Society of America and Society of Heart Valve Disease — will provide the opportunity for authors to compete to present research in oral or poster format.

This is the first time that VIHBA — now a joint undertaking of Heart Valve Society of America and the Society for Heart Valve Disease — is inviting abstracts for oral presentation. We expect this will add to the interest of novel research and late-breaking data.

### **Abstract Policy**

It is the policy of Heart Valve Society of America and Society of Heart Valve Disease to ensure fair balance, independence, objectivity and scientific rigor in its entire sponsored program. All poster presenters are expected to disclose to attendees any real or apparent conflict of interest related to the content of their poster.

Authors chosen to present posters will be required to sign a conflict of interest disclosure form to that effect.

Submissions should identify any author(s) who may have a possible conflict of interest by placing an asterisk next to his/her name.

### **Submission Deadline**

Submission deadline has been extended to 5 p.m. EST (USA), January 29, 2010.

### **Submission Instructions**

Download the submission form and, when completed, email submissions either as a Word document or PDF to [info@heartvalveconference.com](mailto:info@heartvalveconference.com).

### **Contact**

Questions or requests for further information should be emailed to [info@heartvalveconference.com](mailto:info@heartvalveconference.com).

### **Submission Selection**

Authors will be contacted by the week of February 15, 2010 regarding action on their abstracts.

**Abstract Submission Form**

**Abstract Submission Form**

I. Presenting Author

Full Name \_\_\_\_\_

Title (Prof/Dr/Mr/Ms) \_\_\_\_ Position Title \_\_\_\_\_

Institution/Organization \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Country \_\_\_\_\_

Postal Code \_\_\_\_\_ email \_\_\_\_\_

Telephone \_\_\_\_\_ Fax \_\_\_\_\_  
(include country code when out of US)

II. List Abstract Authors

	First Name	MI	Last Name	Institution	City	State	Country
1							
2							
3							
4							
5							
6							
7							
8							
9							
10							

If there are more than 10 authors, please list requested information on an additional piece of paper.

III. Choose Abstract Category

- Cell and molecular biology of valve and/or myocardial dysfunction in valve disease
- Objective evaluation of hemodynamic severity
- Epidemiology/Prognostication
- Surgical therapy — methods
- Surgical therapy — result
- Catheter-based therapy techniques and results
- Medical therapy

- Arrhythmias associated with valve diseases
- New valve prostheses

IV. Abstract Title

---

V. Abstract Text (Not to exceed 250 words — Arial 10 pt, single-spaced)
